INTRODUCTION
and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1958-59 edition of the Albemarle City Directory, which also includes Badin and the rural routes emanating from the Albemarle Post Office.

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Albemarle the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Albemarle, Badin and on the Albemarle Rural Routes, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, covering the Albemarle and Badin exchanges, is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity.

The Albemarle Out-of-Town City Directory Library

Through the courtesy of the publishers of the Albemarle City Directory, a Directory Library is maintained in the offices of the Albemarle & Stanly County Chamber of Commerce, for free reference by the general public. This is one of the more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Location

Albemarle is located in the heart of Piedmont North Carolina, among the gradual rolling hills of the Uwharrie Mountain range. It truly can be described as an area of "accessible isolation," being near large market areas and yet not hampered by large industrial and trade areas threatening to smother it. The county seat of Stanly County, Albemarle is near the geographical center of the state.

Climate

This area enjoys a mild, healthful climate throughout the year, being neither excessively hot in summer nor cold in winter. The annual mean temperature is 60 degrees. Average annual rainfall is 48 inches, and snowfall is 6.4 inches. The length of the growing season is approximately 200 days. This area is not subject to violent storms or other unusual weather conditions.

History

This city was named for the duke of Albemarle and was incorporated in 1847. The entire area is richly flavored with romantic history of the early settlers (primarily English and French) and of Indian tribes which once roamed the ageless mountain ranges. At one time river traffic came within ten miles of Albemarle, up the Pee Dee River, but of course this long since has given way to the harnessing of river power for electricity. Albemarle played a major role in both the American Revolution and the War Between the States. Skirmishes were reported in both wars, and a great deal of legend has been handed down generation-by-generation. There was a gold rush in the county during the 1860's, and at one time there were four mines in operation here.

Government

Albemarle is governed by a mayor and five aldermen, elected biennially by the people. Five commissioners, also elected biennially, govern the county. Politically, the community has been traditionally governed by a two-party system, in keeping with its early heritage.

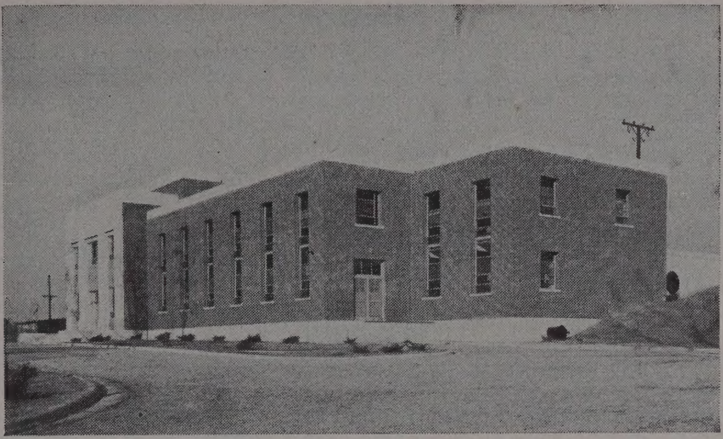
Municipal Facilities

The Stanly County Hospital was completed in 1950, with all modern facilities to serve this community. Fifteen rooms were added in 1954, bringing the total bed number to 115. Additional clinical and laboratory space was included in the enlargement program. The hospital is well staffed and has many specialists more commonly found in larger cities. The County Medical Center was placed in service in the spring of 1953, and will accommodate numerous patients through the county clinic.

The beautiful Wiscassett Memorial Y.M.C.A. was completed in 1950, and contains recreational facilities surpassed by few communities in the state. The spacious building accommodates several recreation and banquet rooms, library, lounges, a large gymnasium, bowling alleys and billiards. It is open to membership of the entire community.

Albemarle has two individual water plants, the largest and most modern of which is currently serving the community. It was completed and placed in service in 1951, and delivers a maximum of 4,000,000 gallons of water daily. Since only 2,000,000 gallons are consumed daily, the plant operates on half capacity. It can easily be expanded to produce 12,000,000 gallons a day. The water is pumped from the Yadkin River, some seven miles away.

The old water plant, having a capacity of 2,000,000 gallons daily, is being kept as an emergency measure, and is operated several times a week by the City to keep it in top condition.



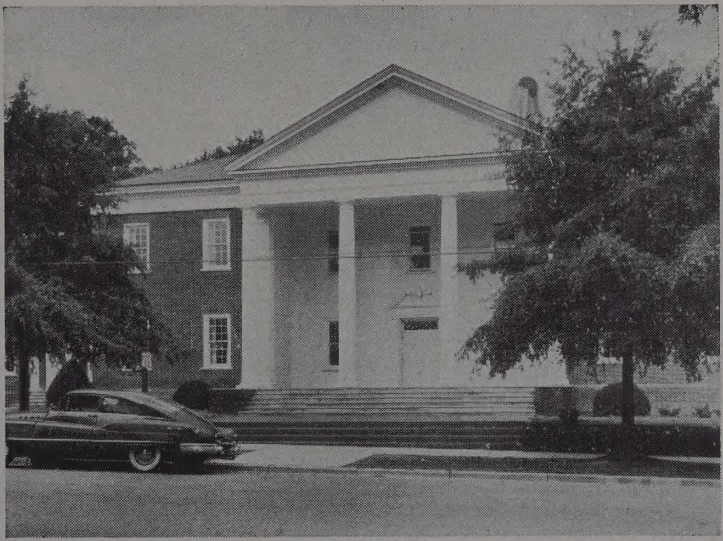
Filter Plant, New Water System

The municipal sewage-disposal system is modern, and adequately meets the needs of the community.

Albemarle owns its power distribution systems and buys its power from Duke Power Co.

Both Albemarle and Stanly County are in excellent financial condition, having floated bonds for municipal and county projects a few years ago. They are paying off these debts at a rapid rate.

The fire and police departments are modern, well-staffed and have the latest equipment available. There are 24 policemen and 18 firemen protecting the city. The per capita fire loss in 1955 was $ .50. Crime, other than the usual minor offenses, is kept at a minimum here.



Wiscassett Memorial Y.M.C.A

Education

The city is equipped with five grade and two high schools, staffed by approximately 80 teachers. Pfeiffer College is located at Meisenheimer, eleven miles north of Albemarle. This beautiful campus is staffed with excellent instructors, and offers a wide variety of studies and degrees.

Churches

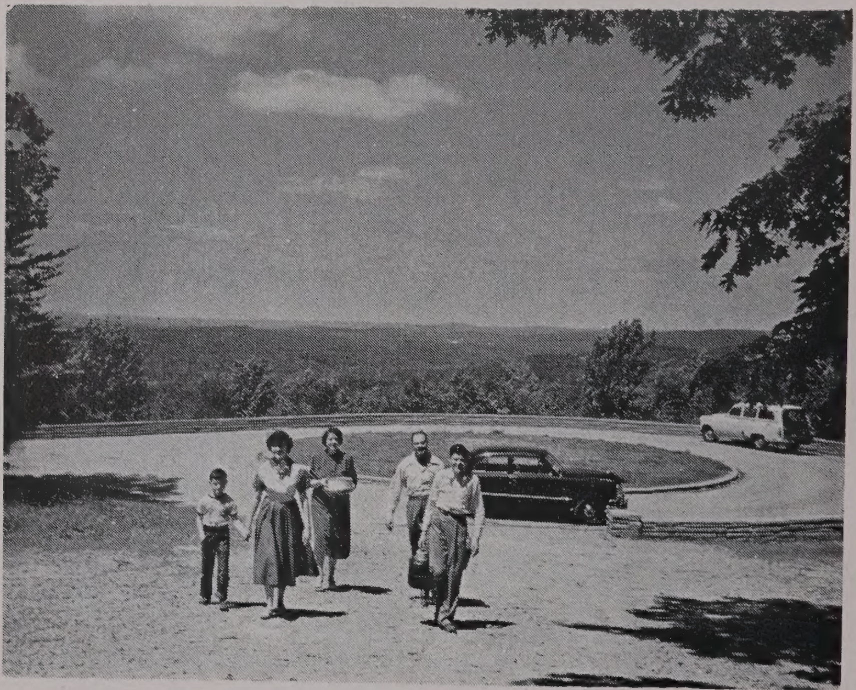
Practically all denominations and faiths commonly found in America are among the approximately 25 churches of Albemarle.

Recreation

This is truly an ideal location for recreation. In addition to the Y.M.C.A. already mentioned, 5½ miles east of town is the 4,000-acre Morrow Mountain State Park. This is known widely as the best park in the state system, and offers such facilities as a beautiful lodge, a spacious swimming pool, six cabins for summer vacationists, a large trailer camp, two picnic areas, camping grounds, scenic roads and trails, boating and fishing. Also a nature and historical museum is operated for study by the public.

The Stanley County Country Club offers a beautiful 18-hole golf course which is considered one of the best in the state.

There are two parks within the City. One is municipally-owned and has a large swimming pool, and the other is a large playground for children. Other facilities are tennis, softball, hunting and picnicking.



Recreation Area Atop Morrow Mountain State Park

Industries

The chief industry of Albemarle and Stanly County is textile manufacturing. Second in importance is the aluminum processing plant at Badin, seven miles from Albemarle. The hosiery knitting industry ranks third. Other industries and products are furniture and wood products plants, brick manufacturing, light-weight aggregate products, stone, flour mills and food industries. There are over 7,800 persons in Stanly County on industrial payrolls of approximately $19,000,000 annually. Many of these workers are farm-owners, and work both in the mills and tilling their soil.

Transportation

Two railway lines serve Albemarle—The Winstom-Salem Southbound and the Yadkin Railroad. The former of these is controlled by the Atlantic Coast Line and the latter is leased by the Southern Railroad.

Four bus companies operate both local and interurban bus services throughout this area. There are three State highways and one U. S. highway intersecting at Albemarle. They are: N. C. 27, 73 and 740 and U. S. 52.

Seven motor-freight carrier lines serve Albemarle on a schedule basis. Few places along the Eastern Seaboard are more than 72 hours from Albemarle by freight.

A locally-owned private airport, offering charter service, serves this area. There are no commercial airlines.

Agriculture

Stanley County is one of the foremost agricultural centers of North Carolina and can boast many "firsts." It is the only exporter of small grain within the state. It is the leading county in lespedeza seed growing. For many years this county has supplied other areas with quality seed. Stanly County ranks high in the production of beef and dairy cattle, poultry products, sheep and swine, and is a big producer of

Downtown Aerial View with Industrial Section in Foreground

milo, corn and cotton. It has hundreds of acres of permanent pastures and hay crops. Tenant-farming is disappearing in this area due to the high fertility of the soil and the ability of the farmers to capitalize on it.

Banking and Finance

Albemarle is served by two banks: The First National Bank and a branch of the Cabarrus Bank & Trust Co. of North Carolina. The former, locally-owned, has assets totaling $4,764,000, while the latter has assets totaling $27,854,000.

There are two building and loan associations with assets totaling $11,000,000: The Albemarle Savings & Loan Association and the Home Builders Association.

Retail and Wholesale Trade

Albemarle has numerous modern stores and shops and is the trade center of a 40-mile area. Retail sales for the city alone exceed $26,000,000 annually. Wholesale sales are approximately $7,000,000. There are approximately 400 business houses within the city.

Organizations

Civic organizations include the Chamber of Commerce, Jaycees, Jaycee-ettes, Lions Club, Civitan Club, Rotary Club, Optimists Club, Woman's Club, and various fraternal organizations. There are several service organizations, among which are the American Legion, Veterans of Foreign Wars, and Disabled American Veterans. Other organizations include Boy and Girl Scouts, garden clubs, Ministerial Association and Parent-Teachers' Association.

MR. CITIZEN! CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CASHIERS! TELLERS!

—— CLERKS! ——

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

Don't Use An Old Directory!

•

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

•

Why not avail yourself of fresh information for your daily use?

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future — these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958-59

INCLUDING BADIN

Copyright, 1958, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." in each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
